LOCAL CHURCH INTERNSHIP

ANSWER THE CALL

 info@revival.college

“Walking with Revival College on this journey of discovery and obedience to God's direction over my life has been incredible. A time of building myself up in the Word and skill through the practical units offered. And the irreplaceable time spent at camp has been foundationally ground breaking for me through the ministry of the Holy Spirit.”

**~Joel~
Student 2021**

Our heart is to see people answer the call, and be trained, equipped, and released into fulfilling the Kingdom work God has for them.

The mission of Revival College is to partner with local CRC churches to teach, train, and equip men and women in a discipling context for the work of Christian ministry and mission.

Building strong relationships and community within the cohort is a priority, as we have seen the value of people discovering a network to call family as they move through life and ministry.

Revival College exists to equip believers for His brilliant calling on their lives. History is filled with men and women who changed the world by taking a risk and following God into all He has for them. Could you be the next history maker? Will you answer the call?

National Training Director

What could an internship look like?

Interns may select to study part-time or full-time, which depending on your church size and needs, requires them to spend between 1-3 days at the church for their internship hours. They may also elect to study an accredited or unaccredited program.

Accredited students may be eligible for Fee-help and Austudy. Upon successful completion, students will graduate with a fully accredited Award from their course institution, as well as receive a graduation certificate from Revival College.

All students will be welcomed and expected to attend at least one of Revival College's Facilitation camps, which will also allow them to be part of the broader cohort.
